Class Descriptions

Barre ~

This is not your daughter's ballet class and dance experience is not required to participate. Barre is a ballet based workout incorporating Pilates and Yoga; using the barre, light hand weights, Pilates ball and resistance bands. Like in Yoga, each instructor will have their own unique flare when teaching their Barre class.

Gentle Yoga ~

Bring balance and harmony to the mind, body, and spirit in this slower paced practice. Focusing on longer held stretches for more flexibility and better balance.

Hot Yoga | Yoga ~

A Vinyasa class that consists of flowing sequences to build strength, flexibility, balance, and breathe awareness. *Hot Yoga is not recommended for pregnant women and those with high blood pressure and heart conditions*

Yogalates ~

The benefits of Pilates and Yoga into one practice. The fusion of Yoga elements with core training from Pilates proved great cross training.

Power Pilates ~

Pilates improve flexibility, builds strength, and develop control and endurance in the whole body. It puts emphasis in alignment, breathing, developing a strong powerhouse and improvising coordination and balance.

Tri-Pilates ~

We combine three different styles of Pilates training. Traditional mat Pilates, Pilates on the ball, and the MVE chair will take your Pilates practice to the next level of overall body strength, muscle endurance, and flexibility.
